

Gardner Denver® Remanufactured Industrial Blowers and Vacuum Pumps

An Excellent Alternative

When a replacement is necessary, it may be impractical to install a factory-new blower. In such cases, Gardner Denver factory remanufactured CycloBlower®, DuroFlow®, Sutorbilt® Legend™ and 4500 Series blowers are an excellent cost-effective alternative.

Dedicated Facility

Our Fishers Remanufacturing facility is solely dedicated to remanufacturing. As a result, there are no priority conflicts with new equipment manufacturing, sales and service organizations or parts distribution. This dedication assures quality and quick response.

Immediate Availability

Many remanufactured units are in stock allowing shipment of most models within 24 hours. Our quick response time aids in minimizing your equipment downtime. Trained specialists are ready to assist you with technical questions and order placement. They can explain our core credit exchange program, which is another opportunity to reduce your cost.

Skilled Craftsmen

Our blower technicians have many years of experience assembling Gardner Denver blower products. Their dedication to this specific product line gives them detailed knowledge not found in general repair facilities.

Experience Proven Results with Gardner Denver remanufactured blowers.

Complete Inspection

Every component is thoroughly cleaned, analyzed and inspected. We use the latest technology in portable coordinate measuring machines, resulting in precise inspection and analysis. Unlike a rebuilt unit that may only have bearings and seals replaced, Gardner Denver remanufactured equipment is completely overhauled, delivering quality without question.

Critical Specifications

Gardner Denver equipment is designed to perform to the highest industry standards. Our remanufactured blowers utilize the original specifications, incorporating ongoing product improvements. This assures new product compatibility and reliable performance.

Extensive Testing

Multiple state-of-the-art tests guarantee all products perform to Gardner Denver specifications prior to shipment.

Full Warranty

All remanufactured blowers offer a complete warranty providing coverage 12 months from the date of installation or 18 months from the date of shipment, whichever occurs first.

Team Commitment

Our commitment at the Fishers Remanufacturing Operation is to strive for total customer satisfaction by producing a quality product through dedicated workmanship, customer service, responsive deliveries and technical leadership using lean concepts.
